Consigners and the Ger-
man Government.(ASSOCIATED PRESS TELEGRAM)
New York, Jan. 22.—Carrying a
cargo of food supplies shipped by an
American firm and consigned to an
American citizen in Germany, the
American-owned steamer Wilhelmina
was given clearance today from this
port for Hamburg and is expected to
sail this afternoon. The shippers as-
sert that the food is meant only for
consumption by civilians.This is the first food carrying
American vessel to leave an Ameri-
can port for Germany since war be-
gan in Europe. If she is seized by
warships of the allies, her consignors,
the W. L. Green Commission com-
pany of St. Louis, will file a protest
with the American state department,
according to local attorneys of the
company, claiming that the allies are
not within their rights or privileges
under international law in preventing
the shipment of conditional contraband
to non-combatants in a country
at war with the allies.In order to controvert in advance
a possible claim by Great Britain or
any other of the allies, that the Wil-
helmina's cargo is intended for use
by the German government or its
naval or military forces, or by agents
or contractors which supply that gov-
ernment with foodstuffs, the cargo
is consigned to an American citizen
who will be in Hamburg on the date
which the vessel will arrive if she
escapes seizures. Furthermore, both
the consignors and the German gov-
ernment guarantee, according to the
attorneys, that the cargo is intended
for consumption by non-combatants
only.W. T. Brooking, representing the
St. Louis shippers, who have chartered
the Wilhelmina for this voyage,
plan to sail on the Holland-American
liner Potsdam on Saturday for Rot-
terdam and will go thence to Ham-
burg. It is to him that the Wilhel-
mina's cargo has been consigned for
disposal to the civil population, ac-
cording to Norvin R. Lindheim, one
of the attorneys here for the St.
Louis company.The Wilhelmina's cargo consists
of 300,000 pounds of wheat, 840,000
of corn and 450,000 of bran and lard,
beef, pork, hams, pickled tongue,
dried fruit, peas, beans and oats.Before deciding to risk this cargo
on the high seas, its owners, accord-
ing to Mr. Lindheim, consulted the
state department.If the Wilhelmina is seized, Mr.
Lindheim explained today, the com-
mission company in its protest to the
state department will ask that rep-
resentations be made by the Ameri-
can government to the government
whose ships made the capture, for
the release of the vessel.The Wilhelmina is a small freighter
of 1000 tons and is owned by the
Bull Steamship company. She flies
the American flag.

fore the house committee which is
hearing the contests which were in-
stituted against the sitting members
of all whom are Democrats.At the hearing last night, James
Ross, the local Democratic leader,
gave testimony concerning campaign
expenses. He freely admitted hav-

of this character. He denied that
any money was paid out for votes.John J. Joyce, member of the

Continue.(ASSOCIATED PRESS TELEGRAM)
New York, Jan. 22.—Henry Ford,
of Detroit, millionaire manufacturer
of automobiles, will guarantee to
take every convict out of Sing Sing
prison and make a man out of him.
He so stated today when he appear-
ed to testify before the United States
commission on industrial relations
which is investigating the great
philanthropic foundations of the
country and the cause of industrial
unrest."The philanthropic foundations
may do some good," said Mr. Ford,
"but they are not adequate. My
idea is justice and not charity. I
have little use for philanthropies.
My idea is to aid men to help them-
selves. Nearly all are willing to work
for adequate reward. We have all
kinds of people in our employ, and
they are making good. We have a
great many who have been in prison
who were outcasts from society. Ev-
ery one of them is making a good
showing and is gaining in self-
respect and strength of character.
We will guarantee to take every con-
vict out of Sing Sing and make a
man out of him."Mr. Ford a year ago installed in
the concern of which he is the head,
a system of profit-sharing and a
minimum wage scale of \$5 a day.
The plan, he asserted today, has
done wonders. No more are his em-
ployees arrested for infractions of the
law. Instead of spending their time
at vicious or unprofitable pursuits,
they spend their time in their homes
and at their employment. There has
been an increase of 130 percent in
the bank accounts of employees in the
past year. So great is the interest
of the men in their work that the
executive heads of the concern are
constantly having to hold them back
in their activity he declared.Among the many suggestions made
by witnesses as probable solutions of
the industrial problems of the coun-
try, that made by George W. Per-
kins, director of the United States
Steel Corporation and other large cor-
porations before the federal commis-
sion on industrial relations that gov-
ernment supervision of large indus-
trial units would do much toward
eliminating the abuses from which
labor has suffered under the competi-
tive system, was expected to be dis-
cussed in more detail when Mr. Per-
kins resumed his testimony today in
the commission's investigation into
causes of social unrest. Other wit-
nesses called to testify today are Sam-
uel Gompers, president of the Ameri-
can Federation of Labor; Henry Ford,
automobile manufacturer of Detroit;
and C. P. Neill, former United States
Commissioner of Labor.Daniel Guggenheim, president of the
American Smelting Co., E. J. Berwind,
a coal mine owner, and Mr. Perkins
testified at the hearings yesterday.

Akron, O., Jan. 22.—John Lenzo,
25, an Italian interpreter, of Wads-
worth, shot from ambush by an un-
known assailant, Tuesday morning,
died today from his wounds. Three
bullets from a .38-calibre revolver
penetrated his body.Wadsworth authorities say Lenzo
knew his assailant, but feared to tell
his name. During conscious
moments he is said to have told
Prosecutor Underwood: "I know
who shot me, but do not care to tell."John Butta of Cleveland, who
shot and killed Lenzo's brother in

and who was acquitted on the
ground of self-defense, is being held

Yarmouth, on the east coast of England, which was one of the towns attacked by the Germans in their air raid of Tuesday, Jan. 19, is one of the chief watering places of the kingdom. London, Jan. 22.—The British
steamer Durward, says a Rotterdam
dispatch to Reuter's Telegram com-
pany, has been torpedoed by a German
submarine. The crew was saved.The Durward was bound from Leith
to Rotterdam and was struck by the
torpedo according to the Reuter cor-
respondent, while 22 miles off the
Maas Lightship. The crew took to the
boats and reached the lightship from
which a Dutch pilot boat conveyed
them to Rotterdam.The Durward was a vessel of 1300
tons and was built at Glasgow in 1895.
She was owned by G. Gibson & Co., of

Amsterdam, Jan. 22.—Members of
the crew of the Durward say that
they first sighted the German subma-
rine in mid afternoon and stopped
the vessel in response to a signal.
German officers boarded the Durward
Covering the captain and crew with
revolvers, they ordered all on board
to quit the vessel immediately.
Boats were lowered and after all
hands had left the vessel, the subma-
rine towed the boats to a safe
distance.There they were ordered to wait.
The submarine returned to the Dur-
ward and sent three torpedoes into
her. It was 20 or 30 minutes before
the vessel sank.The submarine then picked up the
small boats and towed them for six
hours until they reached the Maas
lightship. Then the Germans cast
them adrift and went off at full
speed.ZEPPELINS OF

Women's Clubs Holding
Convention In NewarkOn Friday morning the delegates
to the Southeastern District Ohio
Federation of Women's Clubs were
delayed in arriving and the program
was suspended until they could reach
the First Presbyterian church, but
the wait made possible the informal
greeting of guests who had but ar-
rived in the city, and up to conven-
ing of the session about fifty dele-
gates had registered.The program opened with an or-
gan solo by Mrs. Grove Montgomery,
which was followed by the address of
welcome, "We Welcome You," by
Mrs. Frank L. Johnson, president of
the Newark Federation.Mrs. Johnson told of the honor
she felt had been conferred on New-
ark by the representative gathering,
and how much greater had been the
honor when Newark had been se-
lected over other competitors. Mrs.
Johnson said the invitation had also
a selfish phase, for Newark needed
and wanted the enthusiasm which all
felt the district convention could in-
spire and instill. Then, briefly, Mrs.
Johnson told of the many advantages
which Newark possessed, enumerat-
ing many of the things.Mrs. John M. Henderson of Mar-
tins Ferry, very happily responded to
Mrs. Johnson's greetings, and told of
the advantages to be had in a dis-
trict convention, and of the added
merit to be received. The speaker
told of the loss Mrs. Ferry felt in
the loss of Prof. Klapp as musical
director, and told of Newark's gain
in his service, and then she gave a
toast to the state president, Miss
Anna Johnson, and the southeastern
district vice president, Mrs. Julius
Fischer of Nelsonville.Donald Kissane, violinist, accom-
panied by Mrs. Grove Montgomery,
delighted his audience with his solo
number, and was forced to respond
with a encore number.Mrs. Fischer then told that the
next number on the program was the
city federation conference, and she
said the object of the conference was
"two-fold. First, that all might profit
by the experience of the speakers,
and second, that their experience
would inspire others, who had not a
federation to organize one in their
district, and she introduced Mrs. C.
C. Pavey, president of the Columbus
Federation, to open the conference.
Mrs. Pavey read a paper telling of
the many things she had noted. She
said federating was not combining
the strength, and was but the as-
sembling of the parts of the machine,
but even in it there was a danger,
for every part must do its own work,
and there was a danger of a part
weakening. Mrs. Pavey told of the
wonders which could be accomplish-
ed by the concentrated strength of
the club women.The Athens Federation was repre-
sented by Mrs. Martin, who read a
paper written by Mrs. Hobson, pres-
ident of that federation, but who is

Palestine, Jewish refugees continue to
flee to Egypt, being conveyed as rap-
idly as possible by the American cruise-

MANY CHANGES TO BE MADE BY BUSINESS MEN

A number of business changes will occur in the very near future, probably a greater number of changes than has occurred at any one time in recent years.

Several merchants who are giving up their present leases have not yet found new locations and in several other instances merchants will sell their stock and retire from business. Among the changes which are to be made are the following:

The Conrad Grocery company to the two west rooms in the new Masonic Temple building in Church street.

C. A. Stevens will move from his location in South Second street to the east room of the Masonic Temple building in Church street.

The Coulter-McKay Co. will move into the Arcade and Union block now occupied by The Fair, the latter concern now selling out and the proprietor, A. Schiff, devoting his time to his Ladies Garment store in East

Park Place. There are several applicants for the West Main street room now occupied by the Coulter-McKay company.

The W. E. Miller Hardware store will move into the room occupied by the Johnson Grocery Co., in South Park Place. The latter firm has not yet secured a new location.

The Union Clothing company, in West Main street has given up the lease in the Wehrle block and will leave the city. It is said the room has not been leased, although there are several applicants for it.

The room in East Park Place, recently occupied by Sachs Bros., merchant tailors, is being remodeled and will be used by the Mazy Co. for one of their departments.

Mrs. Alta McEwen will remove her beauty parlors from the building in the rear of the Western Union Telegraph office to the room in the Arcade formerly used as the office and lobby of the Orpheum theatre.

The Munson Music Co. will move into the room in the Arcade facing Fourth street and occupied at present by A. P. Hess, the automobile dealer.

Mr. Hess will move into the room which he has leased of the Knights of Pythias in East Main street. There are also several applicants for the room now occupied by the Munson company.

The American Talking Machine company, now occupying a room in the Union block will move into the room now occupied by the United Woolen Mills Co., at 34 South Third street. The Stewart Bros. & Alward have leased the Union block room so as to enlarge their present location in the same block.

The United Woolen Mills Co. has leased the room in West Park Place occupied by the Christian merchant tailoring establishment. The latter firm has not yet secured a temporary location until their new block on the old Kuster site can be completed.

The Board of Deputy State Superintendents of Elections will move from their present quarters in the Hibbert & Schaus block to a room in the city building facing on Fourth street.

The Home Building Association will occupy their new building, corner Main and Third streets just as soon as it can be completed.

There will be no changes in the rooms now occupied by the Adams Express Co., the Baker cafe, and the Dupier Meat market for at least a year, so the new proprietors who recently purchased the places from Charles Smith have informed their tenants.

Several other changes have been removed but nothing definite has been decided by those directly interested.

HIGH COST OF LIVING

Is solved to a great extent by buying the necessities that contain the most wholesome nourishment for the body. And the greatest of these is bread. There is no town in the United States today that is furnishing as much good bread for five cents as Newark, O. But do not forget when buying, that there are none better than our BUTTER-KRIST and IDEAL Bread. It does not crumble, no waste, more nutritious and better than bread made in your own home. Buy a loaf and be convinced. Also try some of our SATURDAY SPECIALS, WHITE VELVET, APPLE-SAUCE and 20th CENTURY BREAD, CAKE, ICED and ROLLERS. And, say, do not forget our SWEET POTATONETS. They are most melt in your mouth. All guaranteed to give satisfaction or money refunded.

REPUBLICANS IN SENATE ARE
DETERMINED TO KILL SHIP-
PURCHASE BILL.

Democrats Accept the Issue Grudgingly
and Will Fight to a Finish for
Its Passage.

(Associated Press Telegram)
Washington, Jan. 22.—Republicans and Democrats in the senate faced each other again today in their uncompromising fight over passage of the administration ship-purchase bill.

Advocates of the bill, aroused by the determined Republican opposition, set grudgingly to work to put the measure through despite the formidable lineup against it.

Republicans settled down to a renewal of filibustering tactics, with the avowed intention of fighting the bill until March 4, or in an extra session, should one be called.

Decision of the Republicans to continue their opposition of the bill indefinitely was reached at a formal party conference held late yesterday. Administration senators, aroused over this action, met the Republican attitude by declaring that the measure would be kept before the senate regardless of consequences.

The feature of the Republican fight on the administration ship bill in the senate today was a long and vigorous attack by Senator Cummins upon President Wilson's influence upon legislation and upon the sentiments expressed in the president's Indianapolis speech. "One of the most reactionary and dangerous proposals ever made public," was his characterization of the bill. The president's speech he attacked at length.

"Its effect has been, and will continue to be, to strengthen the Republican cause," said he. "I predict it will pass into history as a lamentable attempt of a president to forget the courtesy and dignity always looked for in one who occupies the most exalted office in the world, and the dismal effort of a man of mature age to change the habit of a lifetime in order to win momentary applause." He declared it to be his "deliberate judgment that, taken as a whole, the course of the president has, in two years, turned back the hands upon the dial of progress so far that his party will not again be trusted with the timepiece of the 20th century."

At length he attacked the president's influence on congress and declared that with the exception of the tariff law, all measures of general interest considered at the beginning of his administration had "been initiated in the White House or in the office of a cabinet minister."

"Some how, the spirit of our institutions has been transformed," said Senator Cummins, "and the legislative branch of the government has become a mere recorder. What the president really wants is a journal clerk instead of a congress. As a legislative body we have, for the time being, passed out of existence."

"The attitude of the executive," the senator asserted, "was medieval in its character and destructive in its tendency."

Senator Cummins attacked all of the principal reform-measures of the Democratic administration and said if the shipping bill should become a law, "we will have imposed upon the people the most reactionary, indefensible legislation which, so far as my knowledge goes, has ever appeared in congress."

Attributing to the administration an intention to buy German ships in return for the ship purchase bill is passed, Senator Lodge today declared in the senate that the measure "would bring us within measurable distance of war, not with England alone, but with France, Russia and Japan."

He quoted from house committee hearings to show that Secretary McAdoo had "practically admitted that the purpose of the bill was to buy the German ships," laid up in Boston and New York. If such were not the purpose, Senator Lodge suggested that the impression now general could be corrected by an amendment, which, he believed had already been voted down in committee, to debar the government from such purchases.

"To buy the German ships interned in these ports, and relieve their owners from the heavy daily expense in caring for them and to hand over to them thirty or forty millions of money belonging to the American people," said Senator Lodge, "would be a great and direct assistance to one of the belligerents in the war now raging. It would be an unequal act, and very readily might be construed as a hostile act and an actual breach of neutrality."

Senator Lodge stated he had been informed that the administration had determined to send the Pacific, a German owned ship purchased by Americans and transferred to American registry, abroad to furnish a test case.

"It seems to me a rather dangerous business to make test cases of this character in time of war when belligerent governments are protesting against the action, and for the state department to approve sending forth a vessel which, as late as January 12, our war risk bureau declined to insure."

He said that France and Russia had held consistently that the transfer of the flag from a belligerent to a neutral, after hostilities had begun, was not to be recognized, and England the same, although Sir Edward Grey last summer made some modifications of his opposition to the sale, if the ships were not used in trade with Europe.

Wouldn't You Lose a Leg for Her?

This is just a Tommy Atkins in France having his first walk since he was wounded, aided by a French nurse. The Tommy had his leg shot off and he was sent to a hospital. Now he is healed, and he seems just as happy as he was when he had two legs. Had he not lost a leg he would never have seen the pretty French nurse.

There is no information as to whether the situation developed further, and since the British censor would not pass the names of the pair, any one can build his own romance.

In view of the present empty cargo space going to South America, Senator Lodge said the United States could not desire the ships for that traffic, but only for the European trade. In carrying on European trade, he urged the enemies of Germany would still regard the ships as Germans and liable to be sunk.

MOTHERLESS BABE IS PET OF FIFTEEN HOSPITAL NURSES

He is just a tiny bit of humanity, with great big blue eyes, but he is beloved by fifteen nurses of the New Ark City Hospital and his pet name is "Billy."

"Billy" has not been officially named, but his father's name is Lorn Ortman, a farmer residing in Thornville, and Mrs. Ortman, Billy's mother, died when his little eyes first saw the light of this world, but he has not missed a mother's care for all the nurses at the hospital vie with each other in administering to his wants.

"Billy" was born at the City Hospital on September 29, and his mother died a few days later. The father, who resides in the country had no advantages for caring for the motherless babe, so he arranged with the hospital to have him cared for

there until she became the pet of the household. Each morning, the nurse, Mrs. Liebo, places Billy on her arm as she makes her rounds of the building and in the evening call of this interesting little fellow. There have been many offers to adopt him, from those who have known him, but Mr. Ortman has three other boys, one aged 14, and the other 5, does not feel that he can part with him, so in the spring "Billy" will leave for his new home.

and they were received by the members of the Newark Federation. On Thursday evening they were formally welcomed when the local federation entertained with a reception in the parlors of the Second Presbyterian church at 7:30 o'clock.

The church parlors had been prettily arranged in green and white, the room being centered with white hyacinths, white festoons of green and white were used. Many women prominent in the club circle of the state were present among them being Miss Anna B. Johnson, of Springfield, president of the Ohio Federation of Women's clubs; Mrs. Julius Fischer, vice president, from Nelsonville, and Mrs. C. C. Pavey, president of the Columbus Federation.

The guests were formally received by Mrs. W. H. Davis, Miss Anna Johnson of Springfield, Mrs. F. L. Johnson, president of the Newark Federation, and the presidents of the various Newark clubs. Mrs. E. T. Johnson, of the Monday Talks, Mrs. E. E. Moore of the Unity Reading Circle, Mrs. Eugene Ball of the Investigators' Club, Miss Mary Van Horn of the Research Club, Miss Genevieve Forry of the Review Club, Mrs. P. H. Cosner of the Photozetae, Mrs. S. D. Brooks, of the Coterie and Mrs. Harry P. Scott of the Progressive Club.

During the hours a musical program was furnished by the orchestra of Mr. Joe Hupp and dainty refreshments were dispensed during the evening. About one hundred and fifty Newark women greeted the visitors.

The formal program of the district meeting opened on Friday morning at 9:30 o'clock.

YOUR HAIR NEEDS PARISIAN SAGE

It Quickly Removes Dandruff, Stops
Falling Hair and Scalp
Itch.

If your hair is full of dandruff, thin, breaky, dull and never will do up to look pretty, you can almost immediately remove the cause making it beautiful, thick and fluffy by the use of Parisian Sage, one of the most helpful and invigorating hair and scalp tonics known.

Parisian Sage not only saves your hair but stimulates the hair roots and furnishes the nourishment needed to make it grow long, abundant and radiant with life. Just one application removes every trace of dandruff and stops scalp itch—your hair becomes soft and fluffy with an incomparable gloss, beauty and charm.

You cannot be disappointed with this harmless and delicately perfumed tonic for there is nothing so good for your hair. It is easily applied at home and costs but a trifle from T. J. Evans, or any drug counter.

Not Much.

Mustardine Conquers Sore Throat and Chest Colds

Just Rub It On and away goes Lumbago, Neuralgia, Lambeback or Soreness. Will not blister.

Go to any live druggist today, lay down 25 cents; say: "I want a box of BEGY'S MUSTARDINE," and stop worrying about aches and pains.

Rub it on tonight and you won't have any chest cold in the morning. It stops coughs the same way, and sore throat, stiff neck, pleurisy and tonsillitis. It relieves croup speedily and draws out inflammation anywhere.

It drives away rheumatic pains, relieves neuritis, stops lumbago almost instantly and quickly reduces swollen joints and muscles.

Money back if BEGY'S MUSTARDINE isn't the best remedy you ever used to immediately banish headache, earache, toothache and neuralgia. Splendid for lame back, sprains, bruises, sore muscles, chilblains, callouses, bunions, frostbitten feet and to turn cold feet into warm ones. Be sure it's BEGY'S MUSTARDINE in the yellow box. It's the original mustard preparation and a box is equal to fifty mustard poultices. T. J. Evans can supply you.

Where the Earth's Crust is Thinnest.

Italy is visited by an excessive number of earthquakes and volcanic disturbances because it is the newest part of the earth's surface," declares M. Peppert of Paris, a French geologist of authority. People, especially those living in the western hemisphere, look upon Europe and all of the eastern hemisphere, in fact, as the "old world," which, taken one way, is right. But in the matter of the formation of the earth's crust, which geologists now agree is the result of the cooling of the great molten mass that makes our earth, it so happened that the section round about Italy was the last to cool and consequently has not yet cooled to so great a depth as other portions of the world. This, then, makes Italy the newest part of the world's surface. If our geologists are correct in their estimation regarding the tardiness in the cooling of that particular section, New York American.

OHIO METHODIST MEN TO MEET MARCH 17-19

What is expected to be one of the largest gatherings of men ever held by the Methodist church of this country will be the Ohio Convention of Methodist Men, March 17, 18 and 19 in Columbus.

It is expected that 4,000 men will be in attendance representing every church in Ohio Methodism. The program will be exceptionally strong. A survey of the Rural, Missionary, Educational, Social Immigrant, Industrial, Temperance conditions will be made and findings of the survey will be presented by lantern slides before the addresses on the different subjects.

Some of the leading speakers of the country will be present. The committee in charge has been very fortunate in securing Dr. John R. Mott, the greatest missionary leader of the world. He will be present throughout the entire convention. Dr. Mott is the most prominent figure in the religious life of the world.

Beside Dr. Mott the following speakers have already been secured: Elisha W. F. Anderson and Luther E. Wilson; Charles W. Fairbanks, S. Earl Taylor, Sam Higginbottom, A. E. Corey, W. E. Doughty, Harry F. Ward, Edgar Blake, Thomas Nicholson, Clarence True, Wilson, W. F. Oldham, C. H. Boswell, P. J. Mayevy, B. W. Halford, F. P. Turner.

Dr. S. Earl Taylor will give his illustrated lecture "Around the World with a Missionary Camera." Dr. W. M. Gilbert, Morgan Memorial Industrial Mission, Boston, Mass., will present by Motion Pictures "The Reclaiming of Jim," showing the actual work of transformation in the life of a "down and out." It is a wonderful presentation of the work of the City Mission Church.

OUCH! LUMBAGO! RUB PAINS FROM SORE, LAME BACK

Back hurt you? Can't straighten up without feeling sudden pains, sharp aches and twinges? Now listen! That's lumbago, sciatica or maybe from a strain, and you'll get relief the moment you rub your back with soothing, penetrating "St. Jacobs Oil." Nothing else takes out soreness, lameness and stiffness so quickly. You simply rub it on your back and out comes the pain. It is harmless and doesn't burn the skin.

Lumber up! Don't suffer! Get a small trial bottle of old, honest "St. Jacobs Oil" from any drug store, and after using it just once, you'll forget that you ever had backache, lumbago or sciatica, because your back will never hurt or cause any more misery. It never disappoints and has been recommended for 60 years.

POPE ISSUES CALL FOR DAYS OF EXPIATION

(Associated Press Telegram)

Rome, Jan. 22.—The Pope today held a private and public consistory in the course of which he pronounced several bishops and delivered an allocution dealing chiefly with the war.

The pontiff emphasized the neutrality of the holy see and referred to his efforts to mitigate the disastrous consequences of the conflict. He urged his hearers not to heed those conditions which separated the faithful, but rather to consider those which made them brothers in the faith and he called upon the invaders of territory of the enemy not to commit excesses.

In conclusion, the Pope invited all the faithful to participate in a great expiatory function in Europe to be held February 7 and outside of Europe, March 21. He said that on February 7 he and the cardinals would take part in a special service at St. Peter's.

"I am satisfied to take things as they come," said the Bohemian. "So am I, if I can sell them at a profit," replied the business man.

TWICE BORN MEN, WAS SUBJECT OF SWIFT'S SERMON

The evangelistic campaign at the Baptist church still goes on led by Dr. Franklin W. Swift of Chicago. Dr. Swift was formerly a civil engineer, and was converted at a noon-day prayer meeting in the old Brownfield Street Methodist church in Boston. Four years later he entered the ministry, occupying a prominent pulpit in Chicago, and afterwards in

Dayton, O. He then took up the evangelistic work, and at one time was associated with Dr. J. Wilbur Chapman.

Dr. Swift is not of the Billy Sunday type, but of the Dwight L. Moody type. He preaches an earnest gospel message which awakens the church membership as well as warns and converts the sinner.

It is record-breaking crowds that attended all the meetings thus far. Fifty new chairs have been added to the seating capacity and the choir augmented to sixty voices. Dr. Swift will preach tonight on the question: "Is There a Hell?"

Prayer meetings are held every morning at 9:30 in five different sections of the city.

This year's crop of Florida grapefruit will be better in quality and greater in quantity than any preceding one. Lovers of good citrus fruits naturally await with impatience the opening of the Florida season, because of the juicy, sweet and delicious grapefruit that it brings them. Buy none of the new crop until the fruit is fully ripe—immature grapefruit are not fit to eat.

Buy Only the Ripened Florida Grapefruit

Florida has a State law prohibiting the shipment of green and immature citrus fruits. Some unscrupulous speculators buy the crops of growers who need money badly and rush the fruit to market before it is ripe, in violation of the law. The Florida Citrus Exchange, a non-profit making co-operative organization, for the mutual benefit of consumers and growers, does not indulge in this unfair and unlawful practice.

Good citrus fruits are useful both as food and drink and in many ways. Send four cents in stamps for booklet, giving many ways of serving oranges and grapefruit, to Florida Citrus Exchange, 628 Citizens Bank Building, Tampa, Florida.

Florida's oranges are as superior as her grapefruit. They are more juicy and sweeter than others. Try them and you will always buy them.

It is real economy to buy Florida fruit by the box—when ripe it keeps well. Your grocer can supply Florida Citrus Exchange fruit in season and will do so if you insist.

WOLVES ENDANGER LIVES OF REFUGEES HIDING FROM ARMY.

(Associated Press Telegram.) London, Jan. 22.—A dispatch from Kiev, Russia, to Renter's Telegram company says:

"Hiding from the Austrians who are retreating from Bukovina, the people of the Carpathians have left their homes and are living in pits dug in the deep snow where many are perishing from exposure and starvation. Their plight is rendered more dangerous by the hungry wolves that are hunting them."

His Masterpiece.
The greatest comic artist in the world drew a caricature of a woman's hat. The picture was so funny that he almost had to laugh at it himself, but when he showed it to his wife she never cracked a smile.

"Don't you like it?" inquired the artist.

"Like it?" she replied. "Of course I like it. It's the dearest, sweetest, loveliest hat I ever saw in my life. Why do you waste your time on these comic pictures when you are capable of designing beautiful things like this? I'm going right down and have my milliner make me one just like it!"

And she did.

In Place of Luxuries

A social club in another city, according to a newspaper exchange, recently decided not to hold its annual dinner, which had been a prominent social event for many years. Instead it was voted to give the sum the dinner would cost to home charities.

In a time when there is industrial depression, when many families are hard-pressed, living on credit or drawing money from savings funds, this is an example worth wide emulation.

It is frequently said that people should continue to spend just as usual, so as to keep money circulating. But the act of the club referred to and all similar ones will keep the money working just the same. In one case it goes to a hotel proprietor, in another it will be paid by poor people for food, fuel, and clothing.

Right-thinking people should feel uneasy over enjoying needless luxuries, if there is suffering around them. The hearty thanks from people who have encountered distress ought to give more enjoyment than the finest sparkle of social life or the relish of the most appetizing banquet.

The Old Dances.

When mentio is made of dancing, one thinks of tangos and fox trots and one-steps, and all the frills and fandangoes of up-to-date society. Any newspaper man will tell you, though, that there still exists a wide world of this diversion not affected by the fashion-plates of the dancing masters.

For many organizations, the annual dance is a historic function of the winter season, reaching back for a generation or two. The word, "ball," which is rather the favorite term for these events may suggest stately halls and elaborate decorations. But it is quite likely to be applied to the annual break-down of the Cross Roads Engine company, or the Homeric shindy in a back street hall of the Blacksmiths' Benefit Society.

Quadrilles and contra dances are conspicuous, and few of the more adventurous try the old-fashioned waltz. Of course the young folks

play of the "movies" in his town wouldn't have kept this 13-year-old boy from committing crimes which, but for his youth, would be punishable by imprisonment in the penitentiary. But might not censorship have helped?

Here's a very practical social question which is not conclusively answered by any sort of theorizing about art.

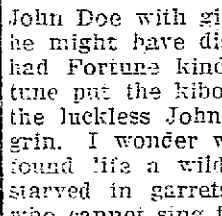

Parcel Post Improvement

(Columbus Dispatch.)
If Postmaster General Burleson wants to make the postoffice department more useful, a New England paper points the way. Let the department provide and put on sale in the various postoffices containers for parcel post shipments of different weights and sizes, just as now it provides and sells envelopes.
The more the parcel post is used, the more valuable it will be. There is little or no trouble now about using it in the delivery of goods from city stores to the people in the country, but there is trouble in using it for getting country produce to the city. The postmaster general thinks the department should invite a competition in making serviceable containers and then should let the contractor for the manufacture of the best, putting the output on sale, as it does envelopes, stamps and postcards. Certainly that would help. If the department were successful in the preliminaries. The ease of getting the containers would be a stimulus to all in the country who have things to sell and know persons to whom they can safely sell them. The buyers would still have to be found, even after the butter was made, the eggs gathered or the chickens raised. Perhaps the postoffice could help in that respect, too, with nothing more serious than a better use of the agencies it already has. Such an activity would at least not be open to the objection raised against the postmaster general's telegraph-buying scheme. It would not involve the investment of a vast capital and it would not invade private business.

Uncle Walt

A MAD WORLD.

While seated in my warm abode I see John Doe pass up the road, that man of many woes; he wears one rubber and one shoe, the wintry blast is blowing through his whiskers and his clothes. He has no place to sleep or eat, his only refuge is the street, his shelter heaven's vault; I see him in the storm abroad, and say, "But for the grace of God, there goes your Uncle Walt."

John Doe with gifts was richly blest; he might have distanced all the rest, had Fortune kindly been; but Fortune put the kibosh on the efforts of the luckless John, and never wore a grin. I wonder why an Edgar Poe would life a wilderness of woe, and starved in garrets bare, while bards who cannot sing for grimes eat costly grub from golden spoons, and purple raiment wear. I wonder why a Romeo Burns must try all kinds of shifts and turns to gain his daily bread, the while a Southerly basked at ease and stuffed himself with jam and cheese, wreath upon his head. Such things have never been explained. I know not why it is ordained that I find life a snap; and raving from my door I see John Doe, in speechless misery, a homeless, hungry chap.

Panama Canal Protection.

Senator Lodge asserts that the Panama canal is "miserably and most inadequately protected." Colonel Goethals says that it is fully protected. The public will pick its favorite authority according to its political predilections. But, judging from previous expenditures, it might be interesting to learn what it will cost to protect the canal according to the senator's taste.—Pittsburg Dispatch.

Costly Handshake.

Five hundred dollars was fixed as the price of a handshake by Superior Judge John W. Shenk, in the damage suit of G. A. Markmann, of Los Angeles against C. B. Galloway. The evidence showed that Galloway's strong grip crushed one of Markmann's fingers, necessitating its amputation. The costly handshake followed Galloway's assurance that his grip would be friendly.—Seattle Post Intelligencer.

No Use.

Charlotte Perkins Gilman says we must stop giving the children tin soldiers and other war toys and telling them war stories. That makes no difference, Lottie. They haven't stopped giving the little girls dollies, and look at the poodle dogs so many of them adopt which they grow up and marry.—Houston Post.

Not Half so Willing.

Representative Gusie Gardner of Massachusetts says he is willing to see the government spend \$700,000,000 a year, if necessary, to put the country in a condition of preparedness for war. But he isn't half so willing as are the makers of ammunition and shipbuilders.—New Orleans States.

The License Law.

In discussing the liquor license law as it is now upon the statute books, don't overlook the fact that the administration of the law is not costing the people of the state a single penny. While there was created to carry out the law a number of offices, including three state commissioners, and two local commissioners in each wet county, neither the salaries of these officers, nor the expenses in connection with their offices is borne by the people of the state. The liquor traffic pays the whole bill.—Dayton News.

The Losses.

Some day we shall come to full realization of the enormous unnecessary loss entailed by fire and shall begin the right sort of preventive campaign to lower it. One place to begin is in the schools. It is probably within the truth to say that a considerable part of the cost of the country's bill for education could be canceled by the saving that could be made by bringing up the oncoming generations with proper appreciation of the wealth wasted by fire that even reasonable precaution would prevent.—Washington Times.

Two-dollar wheat may mean that Americans will have to return to the corn for food. Well, what of it? Corn was the main article of diet with the pioneers of this country, and they were a hardy lot.—Zanesville Times Recorder.

Japan's Whole Duty.

Our campaign against Kiau-Chau was inevitable because of our alliance with Great Britain and because of the warlike activities of Germany in the far east. But once Tsing-tau is reduced and the Pacific is clear of German warships, our duty is done, and we should not be urged to play a part in the world war beyond the extent of complying with the terms of the Anglo-Japanese treaty.—Tokio Hochi.

State Vice Survey.

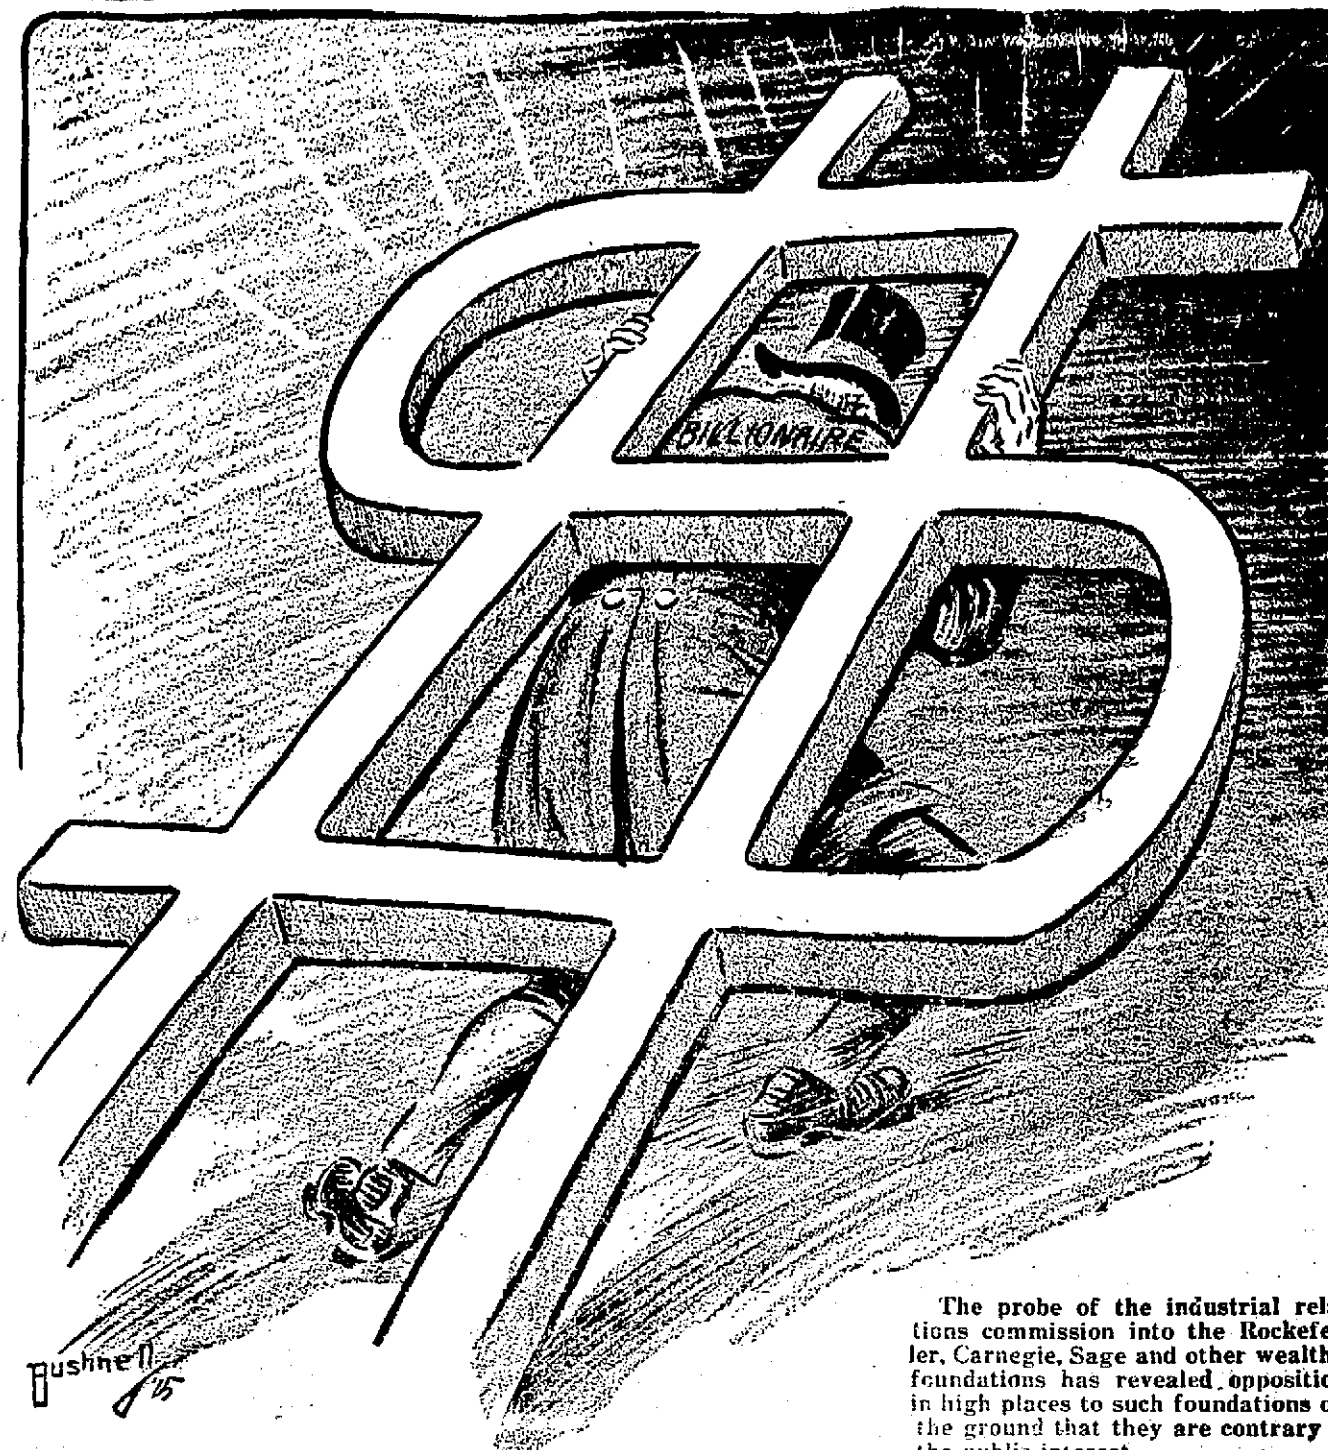

A delegation representing the Civic Reform Association headed by the Rev. A. S. Gregg, of Cleveland, yesterday asked Governor Willis to recommend legislation for the creation of a paid state vice survey commission. The governor refused the request, saying there were laws enough now to cover what was demanded. Good for the governor! He apparently realizes what many other people have noted for a long time, viz., that the "reform" business is being overdone.—Mansfield News.

The favorite occupation is that of making money without work.

Civil War Would Follow Granting Independence to the Filipinos

By DEAN C. WORCESTER, Formerly Secretary of Interior of the Philippines

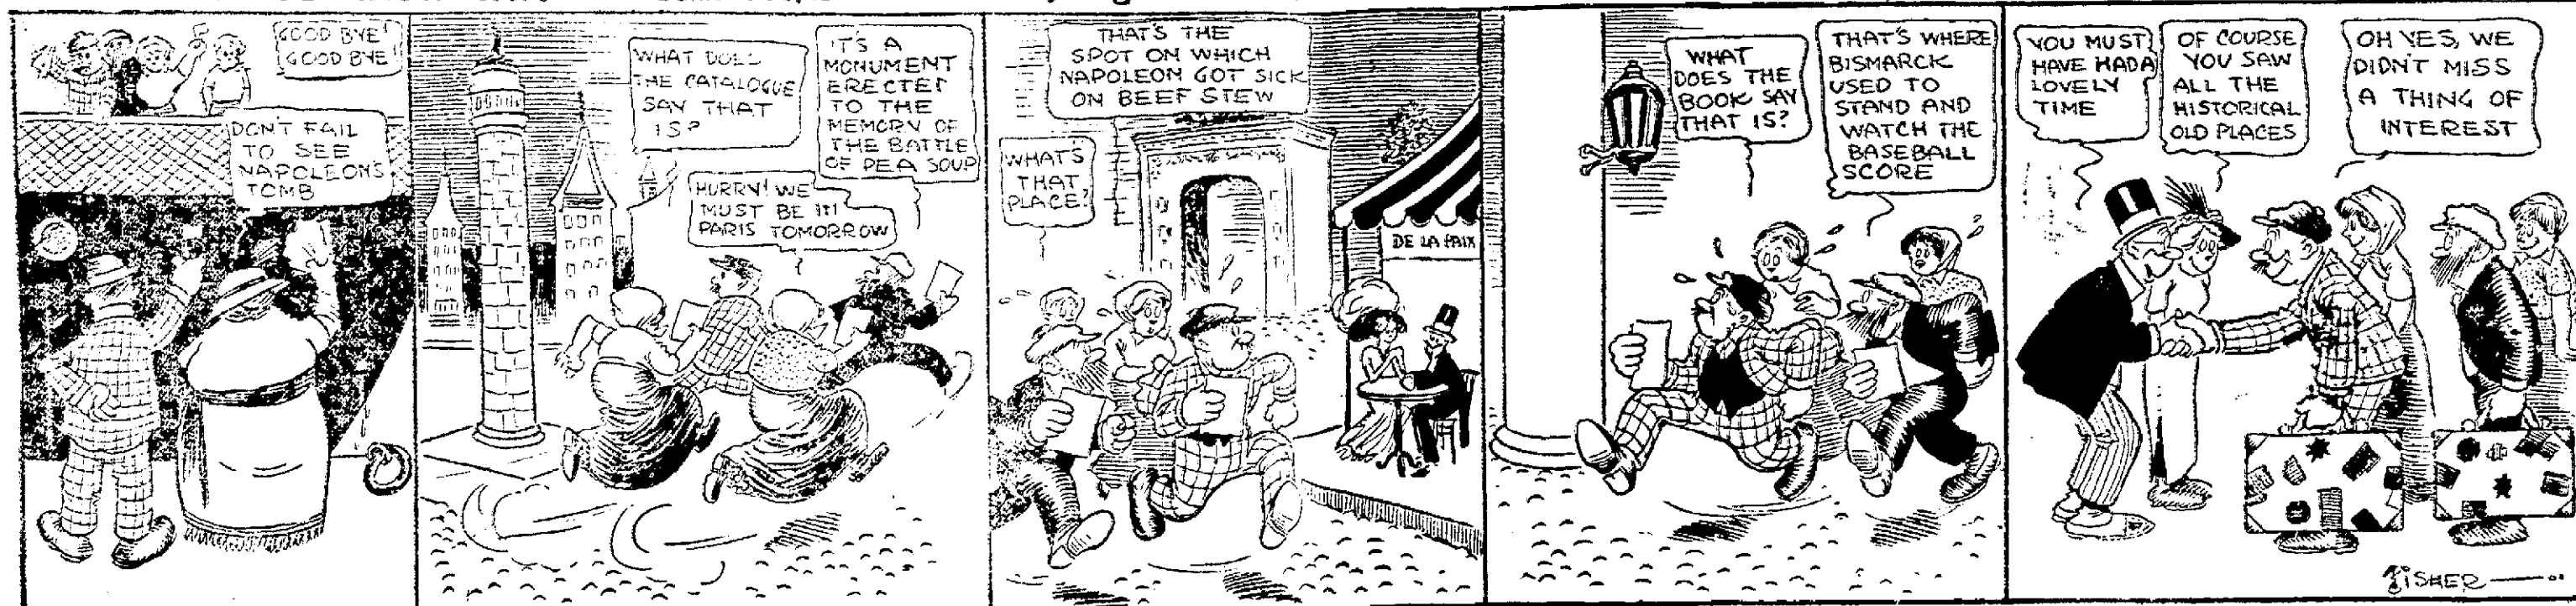

INDEPENDENCE would mean to the Filipinos a scramble for office first, then a clash over offices and finally, at no late date, a general outbreak of civil war with far more than two factions in the struggle. Outbreaks of this sort would certainly lead to the injury of foreigners or of foreign property with danger of foreign occupation of the islands. In addition, there exists a great hostility between the more or less civilized people of the lowlands and the uncivilized tribes of the mountains. With the restraining hand of the United States removed THE LOWLANDS WOULD AT ONCE BEGIN TO OPPRESS THE MOUNTAIN SAVAGES, AND THIS WOULD LEAD TO A WAR OF EXTERMINATION. THE UNITED STATES OWES IT TO THE HELPLESS, UNADVANCED TRIBES TO PROTECT THEM FROM SUCH ATTACKS.

If I were called upon to fix a time for giving the Philippines their independence I should put it not sooner than two generations in the future.

IT IS IMPOSSIBLE, I THINK, AT THE PRESENT JUNCTURE TO EXPECT THESE BACKWARD PEOPLES, SOME OF WHOM ARE JUST EMERGING FROM SAVAGERY, TO PAY THE COST OF THEIR OWN CIVILIZATION, AND I BELIEVE, JUDGED FROM THE SOUND POINT OF VIEW, IT WOULD BE VERY MUCH CHEAPER TO CIVILIZE THEM THAN TO FIGHT THEM.

The Idle Hour club met Wednesday afternoon at the home of Mrs. Edgar English on South Fourth street. A very pleasant time was enjoyed by all and at a seasonable hour refreshments were served. Guests from out of town were: Mrs. Charles Hulbertson and Mrs. William J. Campbell of Bellaire, O. Prizes were awarded Mrs. John Castor, Mrs. Charles Galbreath and Mrs. Frank White.

The next meeting of the club will be held in two weeks at the home of Mrs. Frank Keller, No. 123 South Third street.

Mrs. Phil Vogelmeier delightfully entertained the members of her church club at her home in Hudson avenue on Thursday evening. Dinner was served preceding the game which concluded with the prize awards being made to Miss Helen Brennan, Miss Louise Shetland and Miss Emma Kammerer, the latter receiving the guest trophy. The guests of the club were Mrs. William Wulhoop, Mrs. Walter Daugherty, and Miss Emma Kammerer.

Mrs. John E. Dean of Newark who is the house guest of Mrs. J. H. Dodson, was the honor guest on Thursday afternoon at a bridge luncheon given by Mrs. Dodson at her home in Adair street. The luncheon was served at 1 o'clock and covers were laid for 12. The afternoon was spent playing bridge.—Zanesville Signal.

Mrs. H. P. Scott of the Sherwood entertained with a very pretty children's party on Thursday afternoon honoring the seventh birthday anniversary of her little daughter Virginia. The hours were devoted to games and in the donkey contest, the souvenirs were awarded to Elizabeth Corne and Elizabeth Corkwell, while Virginia Scott received the award in the quito game. In the peanut hunt the fortunate contestants were Elizabeth Miller, Esther Jones, and Elizabeth King. The luncheon tables were prettily arranged in red, the birthday cake with its seven red candles forming the centerpiece while the favors were baskets in the shape of fruits filled with bonbons. In the fish pond, there were found favors for each guest. The children present were Florence Thompson, Elizabeth Scott, Margaret Franklin, Esther Jones, Sarah Baird, Josephine Sprague, Marshall Sprague, Elizabeth King, Elizabeth Corne, Elizabeth Corkwell, Helen Corkwell, Virginia Dayton, Margaret Fulton, Elizabeth Miller, and Virginia Nye.

On Thursday afternoon Mrs. Edward J. Williams entertained at her country home, Bunker Hill place, in honor of her sister, Miss Anna Orr. About twenty-five guests enjoyed her hospitality.

Dropsy Treated Free

Dr. Miles, the Great Specialist, Sends a New \$4.75 Treated Free as a Trial. Many Have Been Cured After Doctors Failed.

At first no disease is apparently more harmless than dropsy, a little swelling of the eyelids, hands, feet, ankles or abdomen. Finally there is great shortness of breath, cough, faint spells, sometimes with its severe vomiting, even bursting of the limbs and a lingering and wretched death if the dropsy is not removed.

Dr. Miles has been known as a leading specialist in these diseases for 37 years. His liberal offer of a \$3.75 Treatment Free to all sufferers is so fairly worthy of serious consideration that you may never have such an opportunity again.

The Grand Dropsy Treatment consists of four dropsy remedies in one, also Tonic Tablets and Puri-Java for removing the water. This treatment is especially prepared for each patient and is ten times as successful as that of most physicians. It usually relieves the first day, and removes swelling in six days in most cases. Delay is dangerous.

Send for Remarkable Cures in Your State.

All afflicted readers may have Book Examination Chart, Opinion, Advice and a Two-Pound Trial Treatment Free. Write at once, describing your case. Address, Dr. Franklin Miles, Dept. D., 336 to 346 Main street, Elkhart, Ind.

Ex-Secretary Knox's Son and Wife Have Had Trouble.

Mrs. May G. Knox, wife of Philip R. Knox, Jr., the shopgirl who surprised the family of the former secretary of state and others when she married the young son four years ago, left her home and went to New York, where there were reports that she would sue her husband. However her lawyer said that she did not contemplate legal action. He did not know the cause of the disagreement, but was certain it would not get into the courts. Their home for some time has been at Charleston W. Va.

Previous to their marriage four years ago Mrs. Knox, who was Miss May G. Bolter, had been a salesgirl in a department store at Providence.

R. I. Knox is 26 years old and has been employed by a newspaper at Charleston. According to the statement of friends of Mrs. Knox she and her husband made their home for some time with his parents, and though treated most kindly by them, she was annoyed because he did not make provision for a home of their own.

GRAND JURY

RETURNS FORTY-THREE INDICTMENTS, AFTER INVESTIGATING SIXTY-FIVE.

Adopt Resolutions Thanking Those Who Assisted—Jail Report. Court News.

The grand jury reported Friday afternoon at 2 o'clock, after having been in session twelve days, examining 358 witnesses, covering 65 cases, 22 of which were ignored.

The grand jurors were thanked by Judge T. B. Fulton, who received the report after which he ordered them discharged.

Following are the indictments returned, all of whom are either in custody or out on bond:

Clarence McLain, forgery; Rolfe Clark, carrying concealed weapon; Rolfe Clark, pointing and aiming a pistol at a person; Rolfe Clark, threatening in a menacing manner; Harry Baumgardner, forgery; Harold Jackson, forgery; James Watzel, burglary and larceny; Lewis Gillis, burglary and larceny; Sidney Davis, burglary and larceny; James Wertz, assault with intent to kill; Ray Kidwell, assault and battery; Raymond Casella, larceny; Timson Shackelford, larceny; Chris Tom, larceny; Jonathan E. Hames, grand larceny; Clarence McLain, forgery; George Thompson, horse-stealing and grand larceny; Steve Pop, carrying concealed weapon; Paul B. Fanning, failure to provide for minor child; Forest D. Howard, failure to provide for minor child; Jonathan Hames, forgery; Sam T. Geary, forgery; William McNealey, grand larceny; Charles Graham, robbery; Charles Graham, peck-epping; Harvey Stradley, arson; Sam Cook, carrying concealed weapon; Smith Snyder, carrying weapon; John Lozage, carrying concealed weapon; Mike Lucas, robbery; Bob Smith, robbery; Clyde Garrison, grand larceny.

The following resolution was adopted unanimously:

Whereas, We have been greatly assisted in the performances of our duties by Joseph W. Horner, prosecuting attorney.

Resolved, That before adjourning, we wish hereby to express our appreciation of his clear, comprehensive and helpful instructions, for his willing and able aid in our investigations and deliberations, and his complete professional assistance.

Also, to Charles C. Cooper, court stenographer, for his efficient services and exceedingly rapid and accurate report of our proceedings.

As to the county jail: We respectfully recommend that provision for the kitchen floor be provided; also, zinc for kitchen table; that the storage room be painted; that curtains for the windows in the residence portion of the jail be furnished, and plumbing repaired.

COTTAGE PRAYER MEETINGS. The members of the Fifth Street Baptist church invite their friends and neighbors to join them Saturday morning at 9 o'clock at the following places for cottage prayer meetings: Mrs. R. V. Sneydy, Church street; Mrs. G. B. Schilling, Oakwood avenue; Mrs. Clem Kinney, West Main street; B. B. Hughes, Tenth street; Mrs. Jno. Hart, Buena Vista street and J. S. Oxley North Fourth street.

DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Thee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teaspoon full at any time. It is the most effective way to break a cold and cure grip, as it opens the pores, relieving congestion. Also loosens the bowels, thus breaking a cold at once.

It is inexpensive and entirely vegetable, therefore harmless.

HEAVY SNOW PARALYZES CAR TRAFFIC

As predicted last night by the Washington weather bureau, a heavy snow storm broke over central and southern Ohio Friday morning and continued almost incessantly throughout the day. In this city the snowfall attained a depth of about six inches at noon and pedestrians found unbroken paths on their way home to the roadway.

Traffic generally was badly crippled. The city street cars kept pretty well up with the schedule until about 1 o'clock when the snow became so deep that it was almost impossible for even the stronger motors to make headway. The powdered snow on the rails acted like grease and the wheels of the motors whirled while the cars barely moved.

The motor power sweepers were put in operation when it was seen that the snowfall was going to interfere with traffic but it met with an accident soon after leaving the barn and was rendered useless until repairs could be made.

Householders who started in to sweep found that in spite of the depth of the snow it was easily moved, being dry and fine.

Service Director Christian stated that the snowfall had caught him unprepared, as both city teams were on a trip in the country after hay and for that reason it was impossible to start the sweepers to clear the sidewalks. He stated that the plans would be started on Saturday and kept in operation until the paths were broken.

GREAT PLAY AT ALHAMBRA IN THE ANNEX

A great picture is being shown at the Alhambra theater, one of Wm. A. Brady's feature, "Robert Warwick in 'The Dollar Bill'."

The film is produced by the World Film Corporation under the personal supervision of Mr. Brady and is in five acts, each one of which is proving interesting to the large audience which daily fill the handsome new theater in the Arcade annex.

MAYOR KARB EXONERATED BY EMPLOYE

(ASSOCIATED PRESS TELEGRAM)

Columbus, O., Jan. 22.—In a statement given out today, John A. Will, an employee of the state board of accounting, exonerated Mayor George Korb of Columbus, of any connection with his injuries as a result of which he became a patient at Mount Carmel hospital on January 11.

Mr. Will said today, that in falling from an automobile in which he had been riding with Mayor Korb and Samuel L. Kinear, postmaster of Columbus, he (Will), struck his knee-cap against the pavement, but that neither the mayor nor the postmaster contributed in any way to his injuries.

The story of an alleged encounter between Korb and Will was denied by Mr. Will.

Mayor Korb, in a statement issued at the city hall, said that he and Will engaged in a heated controversy as a result of remarks made by Will while returning from the inauguration evening festivities, but that no blows were struck.

Granville

(Special to The Advocate)

Granville, Jan. 22.—Mrs. Mathie Pierson Barney, daughter of the late Mr. and Mrs. J. M. Pierson and widow of the late Prof. J. C. Barney, died at the home of her daughter Mrs. Cudde in Cleveland, Tuesday morning.

The result of a stroke of apoplexy, she suffered on January 12. She was in her 71st year.

Her body was taken to the city morgue for many years residents of Granville and her remains were brought here for interment in Maple Grove, yesterday.

Miss Mary McKibben, daughter of Dr. G. F. McKibben, delightfully entertained her Sunday school class at College girls last evening at her home in Elm street. Dinner was served at half past 5 o'clock in the dining room and the evening was agreeably spent by the ten members of the class.

The Denison Sophomore class has elected Mr. Donald B. Atwell and Mr. Spencer G. Weber as editor and manager, respectively, of next year's Astryum. Both gentlemen have proved their ability along the lines indicated, and are expected to turn out a creditable volume.

Miss Harriet Hunt, daughter of Dr. and Mrs. Emory W. Hunt of Boston, is visiting at the home of her aunt, Mrs. Helen Hunt in Park Drive.

Dr. H. C. Mable of Boston, will be the guest of Mr. Sunday of President and Mrs. C. W. Chamberlain.

Prof. and Mrs. Karl Eschman are Columbus visitors, having gone over for the New York Symphony concert last night.

Mrs. A. E. Genter of Cleveland is the guest of her parents, Mr. and Mrs. Jano Buckland in West Broadway.

Mr. Paul Morrow has been at his home in South Prospect street for a few days.

Mr. Jack Morrow, D. U. '14, is calling on Granville friends, and is a guest of Phi Gamma Delta.

The person of the committee in charge of the Washington banquet to be held on the evening of Friday, Jan. 19, is as follows: Mr. R. N. Williams, chairman; James Foster, Retiree; Paul Bolin; J. B. Borge; Messrs. Jones, Stout, Reed, Wickenden, Durr, H. H. Morris and Mills.

ED DOE HAS NO INTENTION OF RETURNING

The visit of Ed Doe to Newark on Wednesday will rise to a report that he intended to return to this city and again engage in business here. In fact, one of Mr. Doe's friends said that Mr. Doe was looking for a location and the report was in general circulation. Ed Doe would return to Newark. The Advocate, photographed by Doe and received this reply from Columbus Friday afternoon: "False report. Positive! no intentions of returning to Newark."

JOHN S. JONES VISITS WILLIS FOR CONFERENCE

(ASSOCIATED PRESS TELEGRAM)

Columbus, Jan. 22.—John S. Jones, president of the Sunday Creek Coal company, and John H. Widner, general manager, called on Governor Willis today to discuss with him the general coal situation of the state. The chief executive is keeping in close touch with the eastern Ohio coal strike situation as to be prepared to act in event that serious trouble develops there.

New Examiner of Banks to Assume Office Next Week

(ASSOCIATED PRESS TELEGRAM)

Columbus, Jan. 22.—Harry T. Hall of East Liverpool, will enter upon his duties as state bank superintendent early next week. He has tendered his resignation as treasurer of Columbus county. He called today on George Walters, the present superintendent, who retires when Mr. Hall takes hold, and was assured by Mr. Walters that he would assist him in every way possible in becoming acquainted with the affairs of the department.

SLEIGHING ACCIDENT.

Treasurer Bailey of the Victoria theatre and Louis Snelling had an exciting experience Thursday afternoon while building the theatre for next week's vaudeville engagement. The gentlemen were using a sleigh in getting over the city and when in North Newark the back of the sleigh gave way, the backboard also breaking and the two occupants were dumped out into the street, the horse running away. The animal ran quite a distance but was finally stopped in North Fourth street.

The pen became a clarion.—Long fellow

LOOK AT CHILD'S TONGUE IF SICK CROSS, FEVERISH

Look at the tongue, mother! If coated, it is a sure sign that your little one's stomach, liver and bowels need a gentle, thorough cleansing at once.

When peevish, cross, listless, pale, doesn't sleep, doesn't eat or act naturally, or is feverish, stomach sour, breath bad; has stomach-ache, sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the taint, constipated waste, undigested food and sour bile gently moves out of your little bowels without griping, and you have a well, playful child again.

You needn't coax children to take this harmless "fruit laxative," they love its delicious taste, and it always makes them feel splendid.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeits sold here. To be sure you get the genuine, ask to see that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.

FLOODS INTERFERE WITH OPERATIONS OF GERMAN ARMY

(Associated Press Telegram)
Geneva, Jan. 22.—Floods in the region of Altkirch, and in the Sundgau or southern country of Alsace generally, have completely stopped German military operations, says a dispatch to the newspaper Suisse. The rivers Ill and Larg have overflowed from their beds and the narrow valleys are entirely submerged. At Altkirch the German soldiers installed in a business building, were obliged to move to private houses on the heights.

The French troops near Thann, the dispatch says, are in a good position well out of reach of the floods. They shelled the Germans vigorously all day Thursday.

Prince Dietrich, the second son of Emperor William, has arrived at Mulhausen with a numerous suite, and has taken up his abode in the magnificent villa of the Koehlin family, who fled to America at the beginning of the war.

FOOD SOURING IN STOMACH CAUSES INDIGESTION, GAS

Wonder what upset your stomach—which portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt; if sour, gassy and upset, and what you just ate has fermented into stubborn lumps; head dizzy and aches; belch gases and acids and eructate undigested food; breath foul, tongue coated—just take a little Pape's Diaprepain and in five minutes you wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have a bad stomach. A little Diaprepain occasionally keeps this delicate organ regulated and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless relief is Pape's Diaprepain which costs only fifty cents for a large case at drug stores. It's truly wonderful—it digests food and sets things straight, so gently and easily that it is really astonishing. Please, for your sake, don't go on and on with a weak, disordered stomach; it's so unnecessary.

BEECH WOODS

Joseph Winegardner is visiting with old acquaintances here. Joe has been in the Sunny South since last fall. He expects to return and says Dixie is good enough for him. On his return he expects to go into some kind of business.

Thornton Baker has purchased the Kintz property near Somerset and expects to move there this spring.

Ottie Miller expects to move on the Baker farm, west of Bruno, this week.

Some of the farmers attended the Farmers' Institute at Thornville, Friday and Saturday.

Felix Cloud, a farmer residing here, died at his home in Pleasantville, Sunday night, after an illness of several weeks from pneumonia. The funeral was held Wednesday afternoon at Oakthorpe C. U. church of which he was a member, and interment in the adjoining cemetery. The

deceased was past 45 years of age. He leaves a widow and small child. The funeral of Mrs. Jacob Miller was held at Drumm's church, Sunday afternoon, and interment in the cemetery. She leaves a family of grown children. A husband and son have preceded her to eternity. The deceased was 72 years of age. Several weeks ago she contracted pneumonia and continually grew worse until the end came. The funeral discourse was given by Rev. Mr. Stenman.

Sore Throat or Mouth.

You must keep the throat and mouth clean and healthy. Any disease that attacks the canal through which must pass the food we eat, the beverages we drink and the very air we breathe is a serious matter. Why neglect Sore Throat or Sore Mouth when TONSILINE makes it so easy for you to get relief? TONSILINE is the remedy specially prepared for that purpose. TONSILINE does its duty—where you can depend upon it. Keep a bottle in the house—where you can get it quick when needed. 25c. and 50c. Hospital Size \$1.00. All Druggists.

COLDS, HEADACHE, NOSE AND HEAD ALL STOPPED UP

Your cold will break and all gripe misery end after taking a dose of "Pape's Cold Compound" every two hours until three doses are taken.

It promptly opens clogged-up nostrils and air passages in the head, stops nasty discharges or nose running, relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed-up! Quit blowing and snuffling! Ease your throbbing head—nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only 25 cents at any drug store. It acts without assistance, tastes nice, and causes no inconvenience. Accept no substitute.

Millions of men and women have found that headache or neuralgia misery is needless. Get what you ask for.

PUT STOMACH IN FINE CONDITION

Says Indigestion Results From an Excess of Hydrochloric Acid.

Undigested food delayed in the stomach decays, or rather, ferments the same as food left in the open air, says a noted authority. He also tells that indigestion is caused by Hyper-acidity, meaning, there is an excess of hydrochloric acid in the stomach which prevents complete digestion and starts food fermentation. Thus everything eaten sours in the stomach much like garbage sours in a can, forming acid fluids and gases which inflate the stomach like a toy balloon. Then we feel a heavy, lumpy misery in the chest, we belch up gas, we eructate sour food or have heartburn, flatulence, water-brash or nausea.

He tells us to lay aside all digestive aids and instead, get from any pharmacy four ounces of Jad Salts and take a tablespoonful in a glass of water before breakfast and drink while it is effervescent and furthermore, to continue this for a week. While relief follows the first dose it is important to neutralize the acidity, remove the gas-making mass, start the liver, stimulate the kidneys, and thus promote a free flow of pure digestive juices.

Jad Salts is inexpensive and is made from the acid of grapes and lemon juice combined with lithia and sodium phosphate. This harmless salts is used by thousands of people for stomach trouble, with excellent results.

D. D. D. Opens New Era In Cure of Skin Disease

We want all skin sufferers who have endured for many years the torture of disease and who have sought medical aid in vain to read about this wonderful skin remedy. It has opened a new era in the cure of skin disease. We, as old established druggists of this community, wish to recommend to you a product that has given many relief and may mean the end of your agony. The product is a mild, simple wash—not a patent medicine concocted of various worthless drugs, but a scientific compound made of well-known, antiseptic ingredients. It is made in the D. D. D. Laboratories of Chicago and is called the D. D. D. Prescription for Eczema.

This is a doctor's special prescription that has effected many wonderful cures.

The effect of D. D. D. is to soothe instantly as soon as applied; then it penetrates the pores, destroys and throws off all disease germs and leaves the skin clean and healthy. All druggists sell D. D. D., 25c, 50c and \$1.

We are so confident of the marvelous power of D. D. D. that we have taken advantage of the manufacturer's guarantee to offer you a full-size bottle on trial. You are to judge the merits of the remedy in your own particular case. If it doesn't help you, your money will be refunded.

NEW YORK CITY'S TRAMPS' HOTEL FORMALLY OPEN

[ASSOCIATED PRESS TELEGRAM]
New York, Jan. 22.—The official opening last night of the "Hotel De Quik," a temporary home for tramps, recently established in an old factory building, belonging to the city, brought together city officials, men and women prominent in charity work and one hundred occasional workers, who preferred to be known as hoboes.

Jefferson Davis, who succeeded in obtaining permission to utilize the vacant building, was installed as chief of the hotel and speeches were made by Henry Bruere, city chamberlain; Cyrus Sulzberger, vice president of the United Hebrew Charities, and Frederick Long, of the mayor's committee on unemployment. Davis justified his efforts to provide shelter for his followers by explaining the difference between a hobo and a vagrant.

"We know how to sleep under the green trees, but we don't want the home guards to do that, so we won't take any man's work away," he said. "We never undercut the union wage. We never graft without doing work for what we get."

It is expected that the capacity of the hotel will be increased from 100 to 500 today.

PREFERRED PRISON TO SERVING A TERM IN AUSTRIAN ARMY.

[Associated Press Telegram.]
Oakland, Calif., Jan. 22.—Daniel Galuchetti, a convicted confidence man, accepted a long term yesterday in preference to deportation to Austria to serve in the Austrian army.

"I will give you the alternative of serving your country in the army or I will send you to the penitentiary," the judge proposed.

"Send me to jail," replied Galuchetti, after a moment's consideration.

"Ten years," said the judge.

ARTILLERY FIRING EXCEPTIONALLY HEAVY NEAR CITY IN ALSACE.

[ASSOCIATED PRESS TELEGRAM]
Bernes, Switzerland, via Paris, Jan. 22.—Exceptionally heavy artillery firing is going on in the region of Cernay and Thann in Alsace. APPEAL MADE FOR MORE RECRUITS IN AUSTRALIA COLONY.

[ASSOCIATED PRESS TELEGRAM]
London, Jan. 22.—William Hughes the acting premier of Australia, has issued an appeal for more recruits, says the Melbourne correspondent of Reuter's Telegram Co. In his appeal, Mr. Hughes says:

"Every available man is needed for the front as soon as possible. The German power is not yet shattered and remains resolute with its strength unimpaired."

England's "Basket Justices"

Centuries ago justice in England was not administered nearly so impartially as it is now. There were the "basket justices," who received their nickname from the presents openly handed up to them in court by suitors. And in more recent times there were the "trading justices," satirized by Fielding in "Amelia." Townsend, the celebrated Bow Street runner, in his evidence before a parliamentary committee in 1816 described how these justices used to issue batches of warrants every day "to take up all the poor devils on the streets so as to charge them 2s. 4d. each as bail. Only the penniless offenders were sent to goal, and a morning's work would sometimes produce £10 or £50," after which the worthy magistrate and his clerk would adjourn to a neighboring hostelry for refreshment.—London Graphic.

ECZEMA ITCHED FOR 20 YEARS—RESINOL CURED

Doc. 3, 1913: "I had eczema for 29 years. It started on my nose when I was 13 years old and on my jaw 34, and have suffered all these years. It started with small pimples all over my face, arms and hands. My hands would swell up so that I could not shut them, and I was almost blind. It would itch, then burn, and I had to keep the affected parts wrapped up so that I would not scratch them. I couldn't sleep at all—I just walked the floor a whole night.

"I have tried many different remedies, and spent a large sum of money, but had no relief. Resinol Soap and Resinol Ointment were recommended to me. They gave me great relief after the first application, and after using four jars of Resinol Ointment and three cakes of Resinol Soap, I am completely cured." (Signed) Mrs. H. E. Fleeger, Box 13, Dauphin, Pa.

ON BOARD A UNITED STATES ARMORED CRUISER KEYS FIVE SAILORS.

Boiler Tube Blew Out After a Steaming Trial of Four Hours Duration.

[ASSOCIATED PRESS TELEGRAM]
On board U. S. S. San Diego, La Paz, Mex., Jan. 21.—By wireless via San Diego, Calif., Jan. 22.—Five men were killed and nine seriously hurt Thursday afternoon on board the armored cruiser San Diego, when a boiler tube blew out after a steaming trial of four hours had been completed.

The dead:
Oscar J. Wyatt, El Centro, Calif.; Ambrose J. Harter, Joplin, Mo.; William P. Elliott, Brooklyn, N. Y.; Clifford J. Western, Davenport, Cal. All were firemen.

The injured:
Benjamin H. Tucker, R. B. Glendon, Darrell L. Verando, William H. Miller, Ernest A. Ledwith, Charles W. Peterson, firemen; George Olin, seaman and Patrick A. Merriman, coal passer.

Immediately after the accident the cruiser left for Guaymas, where she arrived at 2 o'clock this morning.

The San Diego is the flagship of the Pacific fleet and is in command of Captain Ashely H. Robertson.

OFFICIAL REPORT GOES TO WASHINGTON.

Washington, Jan. 22.—A brief report of the navy department on the explosion aboard the cruiser San Diego added no details to the news dispatches except to say that some of the nine injured were in a grave condition and others were not so badly hurt.

The next of the dead were notified at once by the department. Further reports on details of the accident were expected later.

Rear Admiral Howard's report gave this account of the accident:

"The San Diego completed her four-hour full power trials and made 21.45 knots at the conclusion of the trials, a take in No. 2 boiler ruptured, due to low water. No danger runs were attempted. A full investigation has been ordered. Am proceeding to Guaymas."

The home address of the nine injured in the San Diego explosion as shown in the navy department's records, are as follows: Glendon, Indianapolis; Ledwith, Pueblo, Colo.; Merriman, Wash., Neb.; Miller, Down, Kan.; Olin, Yutan, Neb.; Peterson, Racine, Wis.; Shappi, La Porte, Ind.; Tucker, Lead Mine, La.; Verando, Port Arthur, Texas.

VON MOLTKE IS SURE GERMANS WILL TRIUMPH

[ASSOCIATED PRESS TELEGRAM]
Berlin, via Amsterdam and London, Jan. 22.—There has been published in a local newspaper an interview with Lieut. Gen. Count von Moltke, former chief of staff of the German army. The recital is largely in the form of question and answer, and is as follows:

"The resolve to declare war must have fallen heavily upon Emperor William," the interviewer suggested.

Striking his fist on the table, and otherwise giving evidence of his emotion, General von Moltke answered:

"Very heavily indeed. Do people ever stop to consider how tremendous is the responsibility of a conscientious monarch who must pledge the blood of his people? That step a monarch like the emperor takes, only when the life and death of his people is at stake."

"Does your excellency believe that peace soon will come?"

"The war can last a long time yet. Our victories in Poland are of the greatest importance. To the French they are bitterly disappointing, spoiling their hopes of an advance. The Russian masses have entirely collapsed. You may be firmly convinced that Germany will not perish; we will be victorious."

Readers' View Point

The Advocate assumes no responsibility for the opinions expressed in the column headed "Readers' View-point." Communications from our readers should be short, plainly written and should be signed, though the signature will not be printed if it is so requested. These communications should be upon subjects in which there is general interest and they must be free from abuse or extravagant statements that tend to provoke controversy.

Notes and Comments.

Editor Advocate: Religious creeds and systems come and go; but the religious sentiment will abide in the souls of men through all the ages; for man is truly a religious animal—"Incurably religious," it is sometimes said.

Concerning creeds and systems of theology the poet Tennyson has written:

"Our little systems have their day; They have their day and cease to be. They are but broken lights of thee; For thou, O Lord art more than they."

The newly organized charity work in this city although somewhat belated is worthy of all acceptance and it should be cordially and liberally sustained by all who believe that we should love our neighbor as ourselves—and our neighbor's children as our children.

May the good work of this society go on and on until sufficient food and fuel and clothing shall be at least within the reach of every household. What are we here on the earth for, if not to render service of this kind? "That we may be the children of our Father in Heaven; for He maketh his sun to shine on the evil and on the good, and sendeth rain on the just and on the unjust."

The highest excellence of character does not consist in the emphasis we may lay on any particular virtues but in the harmonious combination or blending of all the virtues of which we are capable.

Ah, if we could blend all human virtues in our lives and characters in the same exquisite proportion in which the colors of the rainbow are blended, what beautiful angels we would all be! Can any of us look on this mysterious handwork of Mother Nature without feeling the assurance that the world will not be covered with water or consumed by fire—in our lifetime!

All persons who desire to exercise a moral and spiritual influence on their fellows should learn both to cherish and to show proper respect to everybody—to the young as well as to the old, to the poor as well as to the rich, to the weak as well as to the strong, to the ignorant as well as to the educated, to the unrighteous and the wayward as well as to the just and the righteous, to those we dislike as well as to those we like, to our enemies (if we have any) as well as to our friends, to servants and servants of servants as well as to masters and mistresses, to the laboring mopes as well as to the merchant princes and "captains of industry," to the wretches and waifs of society as well as to those who have reached the highest pinnacle of success and prosperity. For this I hold is the law of the prophets!

Women Everywhere

Praise Lydia E. Pinkham's Vegetable Compound

Women from the Atlantic to the Pacific, from all sections of this great country, no city so large, no village so small but that some woman has written words of thanks for health restored by Lydia E. Pinkham's Vegetable Compound. No woman who is suffering from the ills peculiar to her sex should rest until she has given this famous remedy a trial. Is it not reasonable to believe that what it did for these women it will do for any sick woman?

Wonderful Case of Mrs. Crusen, of Bushnell, Ill.

BUSHNELL, ILL.—"I think all the trouble I have had since my marriage was caused by exposure when a young girl. My work has been housework of all kinds, and I have done milking in the cold and snow when I was too young to realize that it would hurt me. I have suffered very much with bearing down pains in my back and such miserable pains across me, and was very nervous and generally run down in health, but since I have taken Lydia E. Pinkham's Vegetable Compound my back never hurts me, my nerves are stronger, and I am gaining in health every day. I thank you for the great help I have received from your medicine, and if my letter will benefit suffering women I will be glad for you to print it."—Mrs. JAMES CRUSEN, Bushnell, Illinois.

A Grateful Atlantic Coast Woman.

HONOLULU, ME.—"I feel it a duty I owe to all suffering women to tell what Lydia E. Pinkham's Vegetable Compound did for me. One year ago I found myself a terrible sufferer. I had pains in both sides and such a soreness I could scarcely straighten up at times. My back ached, I had no appetite and was so nervous I could not sleep, then I would be so tired mornings that I could scarcely get around. It seemed almost impossible to move or to do a bit of work and I thought I never would be any better until I submitted to an operation. I commenced taking Lydia E. Pinkham's Vegetable Compound and soon felt like a new woman. I had no pains, slept well, had good appetite and was fat and could do almost all my own work for a family of four. I was almost sure that I owe my good health to your medicine."—Mrs. HAYWARD SOWERS, Hodgdon, Maine.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No one sick with woman's ailments does justice to herself if she does not try this famous medicine made from roots and herbs, it has restored so many suffering women to health.

Write to LYDIA E. PINKHAM MEDICINE CO. (CONFIDENTIAL) LYNN, MASS., for advice. Your letter will be opened, read and answered by a woman and held in strict confidence.

Golf Expert Here.

Field W. Sweeney of Marion, Ind., well-known golf expert, is spending a few days in Newark, being registered at the Sherwood Hotel.

Children Find Explosives.

The thermometer registered fourteen above zero at 5:30 o'clock this morning. That is the coldest it has been in three weeks. A light snow began falling about 6 o'clock. Quite a little snow fell Thursday. Sleighting is very good on the paved streets and the macadam roads.

Wholesale Measles.

Van Wert is in the midst of a measles epidemic, seventy-five cases being treated at the present time. Physicians are being worked night and day and a number of them sleep in their offices ready for emergency calls. There are only a few cases in Newark.

Foot Badly Mashed.

C. H. Anderson, B. & O. brakeman, of 151 Buckingham street, suffered a badly mashed foot while on duty with his train east of the city Thursday morning. He was brought to the city on a train arriving about 10 o'clock and removed to his home in the Bazler & Bradley ambulance.

Returns from New York.

Miss Bada Johnson returned on Wednesday evening from New York City, where she has been for several months studying at Flower Hospital. Miss Johnson, was graduated from the Newark Hospital, and completed her work in New York. She is at the home of her sister, Mrs. James Cooper in Andover street.

Y. M. C. A. Gym Class.

Saturday morning every boy be at the Y. M. C. A. at 9 a. m., to go on a sled-ride to Granville, with Thompson and Galloway. We will return at 12 o'clock. Bring a lunch, if you care to, and plenty of robes. The ride is free to all. Come and come early. There will be no gymnasium classes.

Damage was Slight.

A defective flue in the home of William Patton, 26 Pearl street, caused a small blaze about 3:50 o'clock Thursday afternoon, box No. 43 being sounded. The blaze was communicated to woodwork in the rear of a fire place. The damage was slight.

On Onion Farm.

Amicon Brothers of Columbus, well known in this city where they have an extensive trade in fruits, are taking several scores of Italians to Carey, O., to occupy their one-hundred-acre onion farm near that village. The men have been put to work on shares and will be taught onion raising.

Drop in Temperature.

Several Newarkites who came down from Sandusky on B. & O. passenger train No. 16, last night, report that hundreds of sparrows were killed by the freezing of soft snow that fell on their wings the night before and were found in the streets and parks the next morning. Hundreds of others, alive but unable to fly, were easy prey for dogs and cats.

Tenth Street U. B. Meeting.

There will be a business meeting at the church tonight at 7:30. Every member and friend interested in the welfare of the church are urged to be present. Sure! There will be an opportunity to get saved. At a business meeting? Yes, always; that is the "glad-hand" church's excuse for doing business in Newark. So you come and help us plan for our future home. M. R. White, pastor.

Arm Fractured Again.

Miss Ethel Fry, bookkeeper in the office of the Bell Telephone company, suffered a fractured left arm Thursday shortly after noon, when she slipped on the snow and fell near Fourth and Main streets. She went to a physician's office where the injury received attention. She was on her way to the station, intending to depart for Cleveland. The same arm was broken in an accident several months ago.

Evangelistic Service.

An evangelistic service will be held at the First Presbyterian church this evening at 7:30. The pastor will have as the subject of his discourse this evening: "How to Become a Christian." The service will also be of the nature of a preparatory service looking toward the Sacrament of the Lord's Supper, which will be observed Sunday morning. Persons contemplating uniting with the church at this time should be present at this evening's service. If not affiliated with any other church in the city you are cordially invited to make the First Presbyterian your church-home.

A MESSAGE TO THIN, WEAK, SCRAWNY FOLKS

An Easy Way to Gain 10 to 30 lbs. of Solid, Healthy, Permanent Flesh

Thin, nervous, undeveloped men and women everywhere are heard to say, "I can't understand why I do not get fat! I eat plenty of good, nourishing food." The reason is just this: You cannot get fat, no matter how much you eat, unless your digestive organs assimilate the fat-making elements of your food instead of passing them out through the body as waste.

What is needed is a means of gently urging the assimilative functions of the stomach and intestines to absorb the oils and fats and hand them over to the blood, where they may reach the starved, shrunken, run-down tissues and build them up. The thin person's body is like a dry sponge—eager and hungry for the fatty materials of which it is being deprived by the failure of the alimentary canal to take them from the food. The best way to overcome this sinful waste of flesh building elements and to stop the leakage of fats is to use Sargol, the recently discovered regenerative force that is recommended so highly by physicians here and abroad. Take a little Sargol tablet with every meal and notice how quickly your cheeks fill out and rolls of firm, healthy flesh are deposited over your body, covering each bony angle and projecting point. Your druggist has Sargol, or can get it from his wholesaler, and will refund your money if you are not satisfied with the gain in weight it produces as stated on the guarantee in each package. It is inexpensive, easy to take and highly efficient.

Caution:—While Sargol has produced remarkable results in overcoming nervous dyspepsia and general stomach troubles, it should not be taken unless you are willing to gain ten pounds or more, for it is a wonderful flesh-builder.

COSTLEY CASE TO GO TO APRIL TERM OF GRAND JURY

George Costley arrested Wednesday night on a charge of pocket picking, was before Mayor Bigbee Friday morning and entered a plea of guilty to the charge. He was bound over to the common pleas court his bond being fixed at \$300.

As the January grand jury is about to finish up its work today this case was not sent to common pleas court for this term. It will go over until the April term of court.

Costley, it is alleged, seized the watch of Joseph Edwards, East Newark railroad, as Edwards was returning to his home from a trip to a drug store. Edwards had been ill, and though he grappled with the man, he did not have sufficient strength to overpower him.

The watch was located in Mt. Vernon where it was sold to Herbert Robjon.

SHEA, ACCUSED OF WIRE TAPPING, GAVE \$7,000 BOND

(ASSOCIATED PRESS TELEGRAM)

Toledo, O., Jan. 22.—John J. Shea, one of the four alleged wire tappers on trial in federal court, charged with using the mails to defraud, gave \$7,000 bond today to assure the government that he would meet another charge in New York.

John C. Arthur, or Hayes, who pleaded guilty yesterday and asked the court for mercy, is out on \$2500 bond.

C. A. Banning, former manager of Abe Atwell, the plaintiff, like Shea and Tom Manton will defend himself with an alibi.

The chief of police, detectives and prosecutor identified nearly one hundred exhibits of equipment seized in Shea's office following his arrest last August.

GIBBONS HAD SHADE THE BEST OF JIM CLABBY

(ASSOCIATED PRESS TELEGRAM)

Milwaukee, Wis., Jan. 22.—Mike Gibbons of St. Paul had a shade over Jimmy Clabby of Hammond, Ind., in a 10-round, no decision boxing bout last night, according to a majority of sporting writers at the ringside.

Gibbons displayed marvelous footwork and was more clever in ducking than his opponent. Both men used their fists effectively. Gibbons' blows being mainly directed to the head and body. Both men were going strong at the finish. Gibbons appeared to have the better of six rounds, two were even and two were Clabby's.

ONE FATALITY HURT IN CLEVELAND EXPLOSION.

(ASSOCIATED PRESS TELEGRAM)

Cleveland, O., Jan. 22.—One man was probably fatally injured and five others were seriously hurt, early today in an explosion which followed the filling of a kerosene lamp with gasoline during a card party at the home of Albert Gogolan, a few miles west of the city. Gogolan was entertaining a number of his friends. The house was destroyed by the fire which followed the explosion.

FELL ON THE ICE INJURED HIS BACK

A. G. Woodward of 17 Curtis avenue, fell on the ice this morning, sustaining painful injuries to his back. It is not known at present if any bones are broken. He is at his home and confined to his bed, resting as easily as could be expected under the circumstances. He is 75 years of age.

SNOWSTORM

RAGING THROUGH OHIO PROMISES TO BREAK ALL RECORDS

Approached From the Southwest Centering in the Mississippi Valley—Much Colder.

(ASSOCIATED PRESS TELEGRAM)

Columbus, O., Jan. 22.—A snowstorm which promised to break the record for the winter ranged throughout Ohio today and at noon there was no abatement in the fall which began before daylight.

Trains were coming into Columbus behind their schedules, and interurban and street car traffic was being impeded. Reports from other cities and towns show similar conditions.

The storm approached Columbus from the southwest, where it was centered in the lower Mississippi valley this morning, giving rise to rains in the southern states and snow in the central portion.

The precipitation is very general, the heaviest snows being in Missouri and central Illinois.

The northwest is in the grip of frigid temperatures. Moorehead, Minn., reporting 24 below zero and St. Paul 12 below.

Last night's minimum in Columbus was 17. The prediction calls for a minimum of between 20 and 25 tonight, with much colder conditions obtaining Saturday. Strong north to northwest winds will prevail.

HEAVIEST SNOW OF WINTER IN CINCINNATI.

(ASSOCIATED PRESS TELEGRAM)

Cincinnati, O., Jan. 22.—Cincinnati was visited by the heaviest snowstorm of the winter here today and while street car and railroad facilities were not impaired during the morning, at noon announcements were made that the services would probably be irregular later in the day. The weather bureau statement says the snow will probably continue for from 18 to 24 hours.

Theatres

The Hazards of Helen.

The hazards encountered by Helen Holmes, the Kalem actress who is featured in the above series, stamp her as the bravest and nerveiest girl in motion pictures. Nothing seems to daunt her. In "THE GIRL TELEGRAPHIST'S PERIL," the latest of the Hazards, Miss Holmes actually dives off a bridge into a swiftly running river thirty feet below, barely in time to avoid the cowcatcher of a huge locomotive. That this brave actress really did risk her life will be readily admitted by every person who sees "The Girl Telegraphist's Peril," when it comes to the GRAND on next Saturday.

Miss Holmes encounters this peril to save the life of a three-year-old child. Be sure to see this sensational story.

MOTOR SLED INVENTED BY NEWARK BOY

Chester Bailey, employed in his father's metal and furnace shop in West Main street, has invented a motor-sled which may result in bringing him much renown. That the young man is a genius can be readily seen upon a minute inspection of his new "go-devil," for the contraption has been timed and readily glides along the snow-clad road-bed at a speed of 40 miles and hour, and this can be increased, states the inventor.

The motor-sled is built to a Harley Davidson eight-horse power motorcycle with the front wheel removed, also the steps or pedals. A 9-foot plank 2 inches thick and 3 feet wide is mounted upon runners—two at each end. Into the middle of this plank is fitted the motorcycle. There are two comfortable seats on the rear runners, boxed so that there is no danger of falling out of the side.

A long iron steering rod attached to a handle is at the left seat, which is occupied by the driver, and which extends to the front runners. A wire connects with the carburetor and another with the spark. The motor is started with a crank-shaft, all of these devices being right at the driver's hands. You turn the crank, jump into the seats, pull the wires and away you go—and you go—that is, if you want to. For the speed can be regulated just the same as the motorcycle, the rear wheel of which is used as the propelling power.

There have been many inventions of motor-sleds, but they were not durable and this one has been overcome by Mr. Bailey. It can happen out on one of the main roads and are a streak shoot you going at a clip that would make the engineer of a lightning express envious. You will know that it is the new motor-sled invented by a Newark boy that may come into great popularity.

DENISON GOES TO DAYTON TO PLAY ST. MARY'S

Granville, 22.—After running through a hard practice Denison is to play the St. Mary's team Friday night.

The team left for Dayton on the 10:30 train. Denison is a strong contender for the championship.

Denison won the championship last year. St. Mary's is expected to be a strong contender this year as well.

St. Mary's is making a better show.

Washing Won't Rid Head Of Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

Do this tonight, and by morning most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy, every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.

LIMITED CAR JUMPS TRACK; NONE INJURED

The west bound limited car of the Ohio Electric Railway company due in Newark at 4:43 jumped the track near Black Hand on Thursday afternoon, and plunged down a steep embankment. Of the 33 passengers on the car none was injured other than being slightly bruised.

The accident happened on a short curve, about fifteen miles from Newark, and that no serious injuries were received is considered miraculous by the passengers on the car, who were badly shaken up and frightened. The car was in charge of Motorman H. Dickey and Conductor James E. Wolf, and no cause has been assigned for the accident by the officials.

C. M. Bond of Logan and H. Lowenstein of New York, a traveling man, received painful bruises, but their injuries were not serious and they proceeded to Columbus.

A car was dispatched from Newark to the scene of the accident and the passengers were brought to Newark, while those waiting at the station for the limited were cared for by a car from the local barns, which made the trip to Columbus in one hour.

The wreck train left Newark early this morning for Black Hand to replace the car on the track.

Passengers who were on the car state that when the wheels left the rails, it bumped along the right-of-way for some distance, and then plunged down an embankment 12 feet high. Fortunately it remained in an upright position, and the only injuries suffered by passengers consisted of scratches and bruises. Five of the passengers sustained cuts and bruises.

Among the Newark people who were on the car, were: Wayne Collier, manager of The Pan-American Coal company, and George C. Vail, district agent for The National Cash Register company. Neither suffered any injury.

DEFECTIVE KILLED.

Toledo, O., Jan. 22.—Kaiser Bartek, a city detective, was shot and instantly killed by Peter Skribner of New York city, last night, when attempting to arrest Skribner, who had shot and seriously wounded Paulina Misun, 26, also of New York.

Skribner was captured after a chase of several blocks. The police say Skribner was a rejected suitor.

KILLED BY AVALANCHE.

Juneau, Alaska, Jan. 22.—Ivar Holmquist, who with William Blomquist was hunting in the mountains near here yesterday, was overwhelmed by an avalanche and killed. The men heard the avalanche roaring down the mountainside and ran. Blomquist succeeded in reaching safety, but Holmquist lagged behind and was caught. His body was recovered.

PUBLIC HEARING BY PRESIDENT ON IMMIGRATION BILL

ARGUMENTS HEARD FOR THREE HOURS FOR AND AGAINST LITERACY TEST

College Professors, Laboring Men and Farmers Were Represented by the Speakers.

WASHINGTON, Jan. 22.—Five hundred men and women—social workers, labor leaders and publicists—crowded the historic East room of the White House today at a public hearing before President Wilson on the immigration bill.

Three hours for argument were apportioned equally between the opponents and the supporters of the measure. Seated at a long table and flanked by his military aide in full uniform and some stenographers, President Wilson took his place promptly at 10 a. m. to listen to the argument for and against the literacy test around which the fight on the bill is waged.

Speakers in favor of the measure contended the literacy test would improve the quality of immigration; those opposed to it declared it was no test of quality whatever and that many aliens who would become desirable citizens would be kept out simply by an inability to read and write.

J. H. Patten, of the Farmers' National Union, opened the hearing for the advocates of the bill, saying he spoke for all organizations qualified to represent the farmers of this country. He said the farmers wanted further restrictions against immigration before ways of distributing them were worked out.

When Patten charged that many of the opponents of the bill desired to "Russinize" America, the president quickly stopped him and asked that the "question of motive" be left out of the argument.

The president's approval of the bill as a protection to American workingmen was urged by William M. Clark, who said he represented various organizations of railroad employees, numbering 350,000 men.

Professor H. P. Fairchild, of Yale university spoke for the literacy test because, he said, "it was highly American to require education." He contended the test would encourage education in Europe.

Professor E. A. Ross, of the University of Wisconsin, declared "exclusion cannot be at Ellis Island, but must be in the minds of the possible immigrants."

The literacy test was a good one, he said, because its requirements were easily understood abroad.

TOWNSHIP TRUSTEES HOLD MEETING AND RELIEVE THE NEEDY

At a meeting of the township trustees held Tuesday afternoon many relief cases were up for consideration; all were adjusted in a satisfactory way. Many Newark people need relief because of lack of work.

It is conservatively estimated that fifteen hundred men, most of whom are heads of families are out of work. The trustees appointed the following road superintendents for the year ending December 31, 1915: District No. 1, Hale Bowers; District No. 2, Robert S. Wolfe; No. 3, Eugene Hartshorn; No. 4, C. C. Shaw;

No. 5, James W. Dodsons; No. 6, Charles Lynn. The trustees recognize the fact that the associated charities and the Salvation Army are materially aiding them in their work of caring for the needy.

OPEN NOSTRILS! END A COLD OR CATARRH

How to Get Relief When Head and Nose are Stuffed Up.

Count fits! Your cold in head or catarrh disappears. Your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more snuffling, hawking, mucous discharge, dryness or headache; no struggling for breath at night.

Get a small bottle of Ely's Cream Balm from your druggist and apply a little of this fragrant antiseptic cream in your nostrils. It penetrates through every air passage of the head, soothing and healing the swollen or inflamed mucous membrane, giving you instant relief. Head colds and catarrh yield like magic. Don't stay stuffed-up and miserable. Relief is sure.
